COVID-19 restrictions

At the time of writing of this guide (2th August 2021), the general indications from the Rector are that **all teaching will be delivered in presence.**

In case different indications become available, you will be immediately updated.

Google Calendar

You can access the electronic version of Google calendar, which I will share with all of you, through your academic account.

Instructions to access the calendar

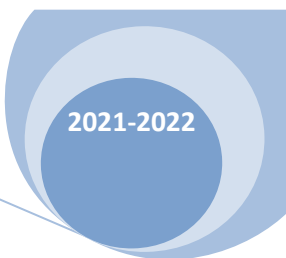

From your webmail university account, click on the three x three grid () in the top right corner and select Calendar.

The Calendar (Year 2 2021-2022) will be present in the list of available calendars.

It is possible to print the Calendar by selecting Other/Altro in the pop-up menu in the top right corner and then selecting Print/Stampa.

Below you will find the most updated Calendar at the moment of writing the present brochure.

Please, keep it constantly under control to be updated about possible changes in due course.
